Meet Your 2018 Committee for the Advancement of Professional Practice

The Committee for the Advancement of Professional Practice (CAPP) is the governance committee dedicated to the APA Practice Organization and reports to the APA Practice Organization Board of Directors. CAPP works with the APA Practice Organization board to identify, plan and implement projects important to the protection, defense and enhancement of professional practice.

CAPP members are elected by members of the APA Practice Organization to serve a three-year term. Committee members are licensed psychologists who belong to the APA Practice Organization and a state, provincial or territorial psychological association or an APA division. CAPP also includes a graduate student and up to four appointed members.

Nominations to CAPP for 2019 are being accepted through March 2018. To learn how to submit a nomination, visit apapracticecentral.org. Elections will be held between September 1 and September 30, 2018, and new members will be announced in the fall.

The APA Practice Organization is a legally separate companion organization to APA. Membership in the Practice Organization is separate from membership in APA.
